MULTISTATE RESEARCH FUND
PROJECT PERSONNEL AND RESOURCE COMMITTEES**

2010

**DEVELOPED BY THE
OFFICE OF THE WESTERN EXECUTIVE DIRECTOR
WESTERN ASSOCIATION OF AGRICULTURAL EXPERIMENT STATION DIRECTORS
COLORADO STATE UNIVERSITY
FORT COLLINS, COLORADO 80523**

The following pages provide a detailed analysis of the personnel and resource commitment to Western Region Multistate Research Projects. This information is of use to Directors in understanding the region's portfolio and managing individual station efforts. The information is also used by the Western Regional Coordination and Implementation Committee (RCIC) to evaluate progress of Western Regional Projects. This document contains the following:

1. Summary of CRIS data; CRIS data on each Western regional project is derived from data submitted by the states in their AD-419 Reports (Funds and Manpower); CRIS provides the data to the Office of the Executive Director in electronic format. The office of the Executive Director expands the data on each project with information, i.e., Administrative Advisor, NIFA Representative, Initiation Date, reprints the data and verifies it against the original data.
2. Two graphs; the CRIS data is summarized and used to develop two graphs on each Western Regional Project. The first graph depicts the funding patterns over the past three years. The second shows personnel patterns for the past three years.
